SUMMARY:

- Based on the analysis of the pie charts, the majority of students believe that the teachers possess an excellent command over the subject matter. Regarding the coverage of the syllabus during classes, most of the students find it as excellently covered. The utilization of teaching aids response from students showed that teachers need to be more motivated to use the teaching aids effectively. Furthermore, most of the students consider the evaluation procedure to be excellent.
- The commitment of the faculty has received positive feedback from most students, which is recognized as a valuable contribution to their academic performance. However, there are some areas identified for improvement based on student feedback. The accessibility aspect was reported by few as unsatisfactory, while the preparedness and presentation were rated as satisfactory.
- In summary, the feedback indicates a generally positive perception of teachers' subject-matter expertise, satisfactory syllabus coverage. The commitment of the faculty is seen as beneficial to students' academic performance. However, improvements are needed in terms of accessibility, usage of teaching aids as well as enhancing preparedness and presentation skills.
